

# C E R T I F I C A T E

The AGIMUS GmbH Umweltgutachterorganisation & Beratungsgesellschaft hereby confirms that the  
**Adolf Föhl GmbH + Co KG**  
**Schönblick 17, 73635 Rudersberg-Necklinsberg**  
**for all german plants**

performed a calculation of the Corporate Carbon Footprint according to DIN EN ISO 14064-1:2012-05 and validated and verified this in compliance with DIN EN ISO 14064-3:2012-05 [Greenhouse gases - Part 3: Specification with guidance for the verification and validation of greenhouse gas statements].

The verified greenhouse gas emissions in 2019 were as follows:

<b>Scope 1</b> (direct emissions):	<b>1.863 t CO<sub>2</sub> eq.</b>
<b>Scope 2</b> (indirect emissions due to secondary energy carrier):	<b>5.679 t CO<sub>2</sub> eq.</b>
<b>Scope 3</b> (other indirect emissions like upstream processes production of zinc, plastic etc. ):	<b>65.478 t CO<sub>2</sub> eq.</b>

An audit, documented in report No. 9615/2020/01, verified, that the calculation of emissions fulfills the requirements of the ISO 14064.

**Based on the verifications of emissions, we hereby confirm, that the Adolf Föhl GmbH + Co KG is implementing an effective strategy to achieve climate-neutrality.**

The test procedure confirmed, that the emissions from power, gas and heating oil and therefore 98,5% of the emissions in Scope 1 and Scope 2 (not including fuel consumption for private cars) were partially neutralized in 2019 and fully in 2020 by high-quality compensation and the purchase of green electricity from hydropower

**Certificates-Registriation-No.: ZERT 14064-011-20**

Braunschweig, 12<sup>th</sup> of May 2020
